The river at this point has climbed the bank in the past two days by leaps and bounds and now covers the outside ice pier. Notwithstanding the continued rain and rapid rise rivermen do not apprehend any danger from a flood. The water here may reach 45 or 50 feet. Colder weather is promised by the weather man, which will check its upward tendency. The rise will be sufficient, however, to overflow the bottoms and lowlands in this vicinity and thereby retard the cultivation and planting of crops. There need be no fear, however, of an '84 flood.

By the experience of 75 of your neighbors and friends, keep this fact ever before your mind: The average GAS BILL per month in 75 residences right here in Maysville—where Gas Ranges were in use last summer for the months of June, July, August and September—was \$2.81. Think of it, 9¢ cents per day. Where are you getting any such value with any 10 cents that you spend? No other means that you can command will work such wonders at so small a cost. ANOTHER C. AND O. WRECK!

AN ACCOMMODATION TRAIN

Was Dumped Into Washout Just West of Quincy

Engineer and Fireman Killed, and Several Others Badly Hurt

The worst wreck that has occurred on the C. and O. since the memorable Bull Creek disaster just East of this city, and one that was the same in every particular save that the train that went into Bull Creek was a freight and the one that went into Briery Creek last night was a passenger, there being three lives lost at Bull Creek, and it is probable there will be three lost in last night's accident, happened at 7:10 last night a few yards West of Quincy.

The heavy downpour of rain the past forty-eight hours caused the creeks and smaller streams to become raging torrents, and at the point where the wreck occurred there is a long fill with a culvert in the center to allow the free passage of water.

Evidently the culvert became choked, and the water backed up, softening the fill until the pressure became so strong that it gave way, leaving nothing save the rails and ties.

Train No. 20, the Huntington Accommodation, due at Quincy at 7:20, was the first train to go over the road after the washout, and it struck the place, the engine and two coaches going into the hole, the rear coach, containing the passengers, luckily staying on the brink.

Engineer John Spotts, who for several years ran the Maysville Accommodation train, and who was one of the most careful men on the road, together with his fireman, Steve Earnest, both of Covington, went down, the Engineer being found sitting on his seat with one hand on the throttle and the other clutching the air-brake lever, he having been drowned.

Fireman Earnest's body has not yet been found. He leaves a wife and five children residing in Home street, Covington.

Express Messenger J. G. Hand of Covington was injured so badly that at last midnight he was reported dying.

Conductor T. J. Hogan of Covington had two ribs broken and received several severe bruises. No other lives have been reported lost up to the present.

The road will be blocked for through traffic for forty-eight hours, but local trains will transfer around the wreck.

The C. and O. has been singularly fortunate in the operation of its trains so far as the loss of life is concerned, there having been no passengers lost on this Division in a wreck, while the list of employees killed is a comparatively small one.

Slop for sale at Limestone Distillery on and after March 22d.

Mr. W. H. Rose of the Tollesboro 'bus line, in stepping from his 'bus at Rectorville Thursday, slipped and fell, breaking his right leg at the ankle.

Dr. James B. Ely of Philadelphia, who conducted the big revival in this city in February, 1905, delivered a stereopticon lecture at Cincinnati last evening under the auspices of the Y. M. C. A. and Y. W. C. A.

A. E. Rankins, a retail grocer of Augusta, filed a petition in bankruptcy in the United States Court at Covington Thursday. His liabilities are reported as \$9,104.92 and his assets at \$11,709.53, of which \$9,174 is open trade accounts, due him from customers.

Maybe one out of twenty (certainly not more) of the dress fabrics that knock at our black goods department gain entrance however loud they hammer. That's as true of imported weaves as of American. Foreign titles possess no glamour for us. Quality is the only factor with which we reckon.

Suggestions of weaves and prices—
All-wool Voiles 50c to \$1.50.
All-wool Etamines 50c to \$1.
Fancy Mohairs 50c to \$1.75.

THERE'S a proposition on foot to cast Herr Most's ashes "to the four winds,"—which is a little bit rough on the winds.

THE Methodists of Bluefield, W. Va., became so enthusiastic over building a new Church that BEN. CAPELY was killed, his wife's head was nearly torn away, another woman was wounded, and three men have employed Doctors to mine for lead.

THE LEDGER hasn't a word to say against our local street builders personally; they do the best they know how; but they don't possess the right sort of Know How, and that's all there is to it. The Honorable Mayor, you may be assured, wouldn't employ a Printer to make cigars for him.

THE man who declared at a meeting held in New York on Thursday night that "STEUNENBERG got what was coming to him" was cheered by his audience. Still, says The Louisville Times, it must be remembered that it's a long cry between a rented hall in New York and the power of the police authorities of Idaho.

THE real temperance advocates won a big victory in Ohio. The increase of the saloon license from \$350 to \$1,000 a year will, it is conservatively estimated, put 6,000 saloons out of business. Now, honor bright, Mr. Prohibitionist, isn't it quite an advance to reduce the ginmills by that number? Or, do you argue, "the more, the better?"

COLONEL HENRY WATTERSON, himself a European tourist of several experiences, draws this picture of Mrs. and Mr. BELLAMY STORER, late Ambassadors in Vienna—

The President sent Mr. BELLAMY STORER his walking papers none too soon. Decidedly this gentleman had outlived his usefulness, if he ever had any, which may be doubted. His mission in life seems to have been rather to rattle around as the husband of a wife having a wad and a will of her own and seeking to fashion him after certain pottery models, to which at one time she gave her attention, than to represent his country in a foreign land. His attempt at the latter has certainly been more fantastic than salutary.

"The STORERS," says a recent private letter from the heart of the Austro-Hungarian capital, "may be described as conspicuous by their absence. They are very little in evidence here. Madame runs away to Italy or Egypt when she wearies of Court life. Monsieur hies after her. But even during the few and brief intervals when they honor the region of the Danube with their presence, they are invisible to the naked American eye, girded round by stone walls and iron gratings, guarded by three rows of lackeys, and wholly impervious to the common herd. Even the wife of a famous Senator, with whom the STORERS had been on terms of intimacy in Washington, passed a week in Vienna without being able to obtain access to the mystic shrine. The wandering Yankee finds it easier to get to the Emperor than to the American Ambassador."

A QUESTION OF EVIDENCE.

Boston Post.

Senator Proctor of Vermont related the following with reference to an Irishman who was being examined as to his knowledge of a certain shooting affair:

"Did you," asked the presiding Magistrate of the witness, "did you see the shot fired?"

"O! did not, sir," responded the Celt, "but O! heard it foired."

"That evidence is not satisfactory," replied the Magistrate sternly; "you may step down."

The witness left the box. No sooner had he turned his back on the Judge than he gave vent to a somewhat derisive laugh. Enraged at this contempt of Court, the Magistrate called the Irishman back to the witness box.

"How dare you laugh in that manner in Court?" demanded the Judge, angrily.

"Did you see me laugh, Your Honor?" asked the Irishman.

"No, but I distinctly heard you laugh," came from the irate Judge.

"Such evidence is not satisfactory," rejoined the Celt, quietly, a twinkle coming into his eye.

"Whereupon," says Senator Proctor, "every one in Court laughed, including the Judge."

MCGANN ON HIS MUSCLE

Tosses a Memphis Darkey Through a Big Plateglass Window

In Memphis a few nights ago "Big Jeff," the Negro rubber, was thrown through the front window at the Clarendon Hotel from the ground floor by Dan McGann, the Field Captain of the New York Giants. A large pane of plateglass was shattered.

It is said that the colored man in a playful manner tickled McGann in the ribs.

This act of familiarity from a colored man, it is said, riled the Southern blood of the Kentuckian to a fever heat, which was followed by the set-to which ended in the Negro being tossed through the window.

President Roosevelt is waiting the result of this proposition before naming a Commission to settle the controversy.

Fourteen of the 1,200 French miners who were entombed in the coal mines at Courrieres twenty days ago were taken from the mine alive and well yesterday. They had lived on hay found in one of the underground stables and the morsels of food which they took into the mine with them nearly three weeks ago. All attempts to rescue the entombed had been abandoned more than two weeks ago.

Mexico will offer Lower California for sale to the United States, and if this Government acquires it it will be necessary to negotiate a treaty for the transfer of the territory, and it will be necessary for Congress to appropriate the funds with which to pay for the territory. Lower California contains about 58,400 square miles. The climate is hot and dry. There are several large islands belonging to the territory, which possess a good harbor. The population in 1900 was 47,082.

THEY'RE GETTING SCARED!

Unconstitutional Laws of Kentucky May Unseat Several Congressmen

Louisville Herald.

Acting on advice of leading Democratic Attorneys, Governor Beckham, it is said, has about made up his mind to call another extra session of the Legislature for the purpose of redistricting the state according to the provisions of the Constitution.

The fact that the Republicans in the General Assembly have decided to test the constitutionality of the redistricting legislation enacted at their regular session of 1906 and previous Legislatures has caused a feeling of uneasiness to come over the Democrats, for eminent Attorneys have given their opinion that the contention of the Republicans will be sustained in the Courts.

The Democratic Representatives in Congress are also fearful that the present law is unconstitutional. They fear that the question might arise after the November election, and it would serve the Republican opponent as grounds for contest. They believe that if the question was raised in the National House of Representatives their seats would be forfeited, and they are anxious that the defects in the present law be remedied. The Democratic Congressmen seeking

re-election, it is said, will also urge the Governor to call the Legislature in extraordinary session.

Since the Republican members in the General Assembly made known their intention to test the constitutionality of the Redistricting Bills the Democrats have found that their position is untenable. From eminent authorities they have learned that the Republican position will be sustained in the Courts. They have been told that the redistricting legislation enacted at the sessions of 1893 and 1906 is clearly invalid, and that the Court of Appeals will, when the question is submitted to that body, hold it to be unconstitutional.

When the Redistricting Bill was up for passage at the last session of the Legislature, the Republicans members warned the majority that the bill was unconstitutional, and that they would have the Courts pass on the matter. These threats were not taken seriously, but the action of the Committee of Senators and Representatives, of which Senator A. S. Bennett was the Chairman, in retaining eminent counsel to institute proceedings in the Court, has caused the Democrats no little concern.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Richard Harding Davis says he has changed his opinion regarding the condition prevailing on the Isle of Pines. He formerly thought the agitation regarding the ownership of the island was due to the activity of land speculators, but he found that a number of the American residents are earnest in their belief that the island properly belongs to the United States.

HOME-COMING WEEK

Editor John J. Altmeyer's Suggestion Takes on Formal Shape

The Committee appointed by the Board of Trade to arrange the preliminaries looking to a "Home-Coming Week" for ex-Maysville and Mason countians met at The Bulletin office yesterday afternoon and decided to recommend to the Board, at its annual meeting next Thursday night, that the affair be held immediately following the parental event in Louisville—in other words, beginning June 18th—with a public celebration on Wednesday the 20th, at "Beautiful Beechwood Park," providing the necessary arrangements can be made with the street railway company; and if thought advisable by the Entertainment Committee a home-talent minstrel at the Opera-house the previous night.

The program and much other detail that must necessarily follow, such as collecting a fund, etc., will be the work of Committees to be appointed by the Board, following the adoption of the foregoing recommendations.

No more ideal spot than Beechwood could be found hereabouts for a June outing and meeting place for beloved friends and relatives who will come to accept our hospitality and renew the acquaintances of youth. The park is magnificently equipped and can accommodate a large crowd.

DECIDE YOURSELF.

The Opportunity Is Here, Backed By Maysville Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Maysville indorsement.

Read the statements of Maysville citizens And decide for yourself.

Here is one case of it:

Mrs. Mary Thomas, wife of J. A. Thomas of 204 Limestone street, Maysville, Ky., says:

"I am only too pleased to confirm the statement I made in the spring of 1900 recommending Doan's Kidney Pills, after they had relieved me of backache and other symptoms of kidney trouble. I got them at J. Jas. Wood & Son's Drugstore. During the years that have elapsed since I made that statement I have had occasion to give Doan's Kidney Pills a further trial and I have found that it requires only a few doses to ward off attacks of kidney trouble or to check them before they become serious. I can also point to the case of my boy, twelve years old, who at the time I first used Doan's Kidney Pills was troubled a great deal with weakness of the kidneys and could not control the secretions properly. I gave him Doan's Kidney Pills and he improved rapidly under the treatment. The relief he found has proved lasting and from his experience and mine I am certainly warranted in recommending Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
